CORONER'S JURY CLEARS TRUCKER IN FATAL CRASH

No evidence was found by a coroner's jury Monday afternoon at the court house of any negligence on the part of the truck driver involved in the accident in which Dwight L. Strausbaugh, 57-year-old Orlanna R. 1 fruit-grower, was fatally hurt on the Lincoln Highway at the Cashtown intersection February 8.

Cleveland L. Fleschman, 30, College Park, Md., driver of the west-bound truck that collided with the southbound Strausbaugh car, testified before Dr. C. G. Crist, Adams County coroner, that he had expected Strausbaugh to stop at the stop sign and that when he realized the car was driving out in front of him, it was too late to avoid a crash.

Fleschman said the collision "knocked out" his steering gear and all the truck's brakes. His truck, carrying several tons of plywood, arced across the highway, upset and struck the front of the Paul Holland service station and restaurant.

"Safe" Intersection
Only four witnesses testified at the 70-minute inquest in the court room with the coroner, District Attorney Daniel E. Teeter and Attorney Woodrow A. Shriver, District Attorney Daniel E. Teeter and Attorney Woodrow A. Shriver, District Heights, Md., representing Fleschman, questioning the witnesses.

Pic. Robert Brady of the state police who investigated the accident, described the intersection as "safe" with "unlimited vision" all directions. Mr. Strausbaugh had been driving south toward Cashtown from Arendtsville and Fleschman was enroute to Greenscastle from Washington, D. C. Pictures of the intersection and the wrecked machines were shown by Ira Williams, photographer for the coroner's office.

Fleschman said Strausbaugh "didn't stop at the stop sign, he just came on through." Too late to avoid a collision, Fleschman braked. He said he was unable to swerve to the left because of the

MUSSELMAN'S LAUNCH RADIO, TV CAMPAIGN

"On its 50th Anniversary, Musselman's take to the air with the mightiest advertising lift in its history," says a descriptive brochure now in the hands of brokers and wholesalers announcing an intensive advertising campaign by the C. H. Musselman Company, Biglerville.

Features of the campaign will be Arlene Francis on television's "Home" show and Don McNeill with his radio network "Breakfast Club".

NBC's morning national television "Home" show reaches an accumulative weekly audience of more than four million homemakers on over 120 NBC television stations.

Feature Appearance
Miss Francis, chosen "The Saleswoman of the year" by the Sales Executive Club in 1956, will feature Musselman's appearance on this show twice each week, Tuesdays and Thursdays, from March 4 through April 5.

Don McNeill has been one of America's best salesmen for more than 20 years. His name is a byword and a "buy-word" in homes from coast to coast. His famous Breakfast Club show, originating every day in Chicago and carried by the American Broadcasting Company radio network of more than 300 stations, boasts a daily audience of millions. Dates are March 18 through April 12.

This combination of salesmanship is coupled with "saturation radio" in 30 cities in 11 states scheduled for a period beginning Monday and extending through May 10. Point-of-sale material and newspaper mats provide the tie-in for the radio and TV program.

The campaign is being conducted under the direction of E. J. Yoder, Musselman sales manager. Details are being arranged through the advertising firm of Arndt, Preston, Chapin, Lamb and Keene, Philadelphia.

FIREMEN CALLED
New Oxford firemen were called at 4:45 a.m. Monday when a motor attached to the furnace at the home of Mr. and Mrs. Joseph I. Weaver, Carlisle Street, New Oxford, burned out. Firemen, who responded to the alarm with two trucks, said there was slight smoke damage.

Milk Dispute Marked By Arrests, Dumpings, Blast
NEW YORK (AP) — Dairy farmers, dissatisfied by the prices they have been receiving, today continued a two-day milk withholding operation marked by gunfire, arrests, milk dumpings and a dynamite blast.

The farmers are among those who produce milk in New York, New Jersey and Pennsylvania. Consumers so far have not been greatly affected because supplies already on hand are ample for a day or two.

The boycott was called Sunday by the Tri-State Dairy Farmers Guild. Its executive director, the Rev. John W. Downey, a Congregational clergyman of Baleville, N. J., said it is only a "feeling-out operation" thus far.

9,000 Withhold Milk
"We are not really going to get started until Wednesday," he said.

He said between 7,000 and 9,000 dairy farmers in the three-state area were withholding milk from the market. His organization claims to represent 3,500 of the 45,000 dairy farmers in the three states.

COUNTY BOARD GIVES OKAY ON NEW BUILDINGS

The possibility of new school construction in two sections of the county this summer was disclosed at Monday evening's meeting of the Adams County School Board at the office of the county superintendent on Carlisle St.

The county board gave its approval to forms being sent to the state by the North Adams Joint School system for additional rooms at its high school building at York Springs and by the Conewago Twp. board for construction of an 11-classroom elementary school.

County Superintendent of Schools C. P. Keefe said that from conversations he has had with state Department of Public Instruction officials, "It looks like there is a better than fair chance that the state will give its approval to these plans."

May Close Small Schools
North Adams' planned addition to its high school at York Springs will be elementary rooms, for plans of the district call for eventually turning the present York Springs High School into an elementary center.

If the state gives its approval to the plans to add seven class rooms, a kindergarten room, a multipurpose room, a kitchen, kitchen storage room, toilets, etc. to the present York Springs building, some of the one-room schools in the joint system will be closed and the students brought to York Springs, Keefe said.

Conewago township's new petition to the state asks an 11-room elementary school plus office, health room, teachers' room, kitchen, all-purpose room, storage rooms, etc. "All that is needed to put up a school," the county superintendent said. Conewago had previously been turned down on a request for a 14-room elementary school, but in connection with the plans for an 11-room school is not seeking "reimbursement unless additional reimbursement is available," it was reported. No final decision has been made by the township on the site for its proposed school. It has several approved sites available if the state gives the go-ahead signal for construction.

May Teach Braille
Adams County will have a special teacher for children with very poor vision, if such a teacher (Continued On Page 2)

IKE'S PASTOR SAYS RELIGIOUS LIFE IN U. S. IS "NOT OPTIONAL"

"Religious life in America is not optional, it is an indispensable requirement if we are to be the people our forefathers expected us to be," Rev. Dr. Edward K. R. Elson, minister of the National Presbyterian Church in Washington, D. C., told 206 members of the local service clubs Monday evening at the annual heart night dinner at the Gettysburg High School cafeteria.

"Apart from faith in God, the American way of life has no meaning," Dr. Elson, among whose parishioners are President and Mrs. Dwight D. Eisenhower, told the group. "Faith in God is the basic element of our highest ideals. For us liberty is not an achievement but something bestowed on us by God in His Grace, Freedom is a part of our creation by God. The only reason for treating man with dignity is because he is an immortal soul created by God. These are inalienable, God-given rights."

"We have been spectators and participants in a great cultural deterioration and moral sag following the war. There is always such a deterioration and such a sag following a war. And the bigger the war, the greater the decline."

"Spiritual Revival"
"But at the same time our era has been equally well dominated by another force. It must be recorded that we have also been participants and spectators of a spiritual revival. We do not know yet whether we are the end of a civilization or at the beginning; we do not know how renovating of human personality this spiritual (Continued On Page 2)

DIFFERENCES OF TWO PARTIES ARE OUTLINED

Differences between the Democratic and Republican parties were discussed by Dr. Charles Gladfield, of the History Department of Gettysburg College, at a meeting of the Democratic Women's Club of Adams County at the YWCA Monday night. Mrs. John S. Rice introduced the speaker.

"Both George Washington and James Madison warned against political parties. If we could operate government properly there would be no need for political parties. The day will never come in free government when parties will disappear."

"When people are given a voice they never agree unanimously, so parties are absolutely indispensable. The party holds the man responsible and the people hold the party responsible for proper government. Basically the two parties are similar. The presidency is the biggest prize and nothing will substitute for it. It requires 266 electoral votes, one more than half the total."

Two Parties Focused
"With all the vast economic interest and sectional interests, each party must appeal to as many of these as possible to gain their support, therefore they must compromise. The two party system developed during Washington's term around Alexander Hamilton supporting the wealthy interest who desired to develop industry and manufacturing in the country and Thomas Jefferson, who spoke for the small farmer, who hoped the country would not develop along the manufacturing line. The Republican party developed along the Hamilton line and the Democratic party along the Jefferson line."

"During times of crisis these parties have sometimes reversed themselves, following the trend that is supported by the people at the time. At the present time the main difference between the two parties is the degree to which each party is willing to go to help people economically and socially."

ASSERTS MORE DEATHS DUE TO HEART DISEASE

Pointing out that thrombosis kills more people every year than cancer and that all kinds of heart disease cause more deaths than all other causes combined, Dr. Charles P. Bailey, Philadelphia pioneer in heart surgery, said in an address at the Gettysburg High School Monday evening. He declared the work of the American Heart Association is "the finest example of man's humanity to man."

Stressing the importance of the three-fold program of research, education and community service of the Heart Association and its state and county units, Dr. Bailey said the "Heart Association is the greatest undertaking of people to help people ever attempted."

Dr. Bailey was the principal speaker at the third annual public education lecture on heart disease sponsored by the Adams Heart Association. The Rev. Charles E. Held, executive for the county society and director of its current campaign for \$4,000 to aid national research and continue county service and education work.

Credit To Research
The near miracles being performed by heart surgery, all of them developed in the last 20 years and some of them as recently as last fall, were described by Dr. Bailey, internationally known for his pioneering work in heart surgery.

Using slides to illustrate his talk, Dr. Bailey, giving credit to research as the basis and background for the progress of heart surgery, showed how malformations and heart disease conditions have been conquered by difficult surgery. The grafting of arteries taken from young persons killed in accidents in repairing arterial structures was described. A "dimpling in" process to repair a heart wall, the great advances brought by the development of the heart and lung machine that carries on vital circulation while surgeons operate on the patient's heart were described.

The application of plastic patches, valve correction surgery, the removal or aneurysms after coronary occlusions and most recently the "reaming" of heart arteries to remove fatty deposits were graphically described.

Must Educate Doctors Too
Dr. Bailey spoke of the need for educating the public as well as the medical profession and hospitals on the advances made by heart surgery. Before Dr. Bailey was introduced (Continued On Page 3)

Franco Reshuffles Cabinet To Combat Inflation Crisis

MADRID (AP) — Generalissimo Franco has reorganized his government to strengthen Spain's economy and to "meet modern needs."

The strength of the Falange in the Cabinet was trimmed. The Monarchists remain the largest faction. The shakeup, first since 1951, brought in younger men and new faces. It was Franco's answer to the country's rising inflation, political strife and public unrest.

The new foreign minister is Fernando Maria Castiella, a Monarchist who fought with Franco in the Civil War and was a volunteer in the Spanish "Blue Division" which fought with Hitler's Nazis against Soviet Russia in World War II. The Spanish ambassador to the Vatican since 1951, he succeeds Alberto Martin Artajo, considered the biggest man in Spain next to Franco.

An Office of Economic Coordination was created. There was also a new Ministry of Housing to meet the increasing complaints of Spaniards about the housing shortage.

The generalissimo, who assumed leadership of the Spanish Revolution in 1936, remains both chief of state and chief of government.

The 19-man Cabinet—two larger than before—is headed by Franco. The Falange the only "political movement" Franco allows, has only three representatives compared to six previously.

Spain has no other out-and-out political parties. But backers of a return to the monarchy were given eight Cabinet posts, the same as before, and there are also two independents, as before. In addition the new Cabinet contains two Syndicalists, two technicians without known political connections and one representative of the Opus Dei branch of Catholic Action, the leading Roman Catholic laymen's organization.

It was the first time that Opus Dei, growing in strength over the past five years, succeeded in placing a minister in the Cabinet. The Syndicalists are Falangist trade unionists who have been striving to separate the syndicates from the party.

DOCTOR DENIES RADIATION AND X-RAY HAZARDS

"How many people will die because of X-rays and how many physical effects are there from radiation due to atomic fallout?" were questions to which Dr. Joseph W. Delozier of the radiology department of the Annie M. Warner Hospital gave several answers Monday afternoon at the monthly meeting of the Warner Hospital Auxiliary. Dr. Delozier, who resides in Hanover, has been on the Warner Hospital staff for about two years. He was introduced by the program chairman, Mrs. Fred Pfeiffer.

Holding that recent newspaper reports stating that persons can be greatly and harmfully affected by the fallout from atom weapons testing are distorted, Dr. Delozier said:

"The National Academy of Science in June 1956 reported 'the use of atom energy is one of the few major developments which has carefully considered the relation of a new technology and medical science and has kept pace with its development.'"

"The American College of Radiology has made an important study of radiation protection. Scientists have divided and named five sources of radiation. They are: medical X-ray, fallout from atom weapons, atomic power plants, occupational hazards and background radiation."

Slight Radiation Danger
"Speaking of radiation we are getting more radiation right in this room than we could ever get in X-rays. The radiation in the room is because of cosmic rays and uncontrolled uranium in the entire earth."

"If we keep testing atomic weapons the amount of radiation which we will receive will amount to one tenth of a point of radiation in our whole lifetime and this amount is not very important since it takes 30 to 80 to cause changes."

"Of course the radiation received from atomic power plants and occupational hazards can be dangerous."

"In medical X-rays we are most concerned with genetics which are formed by genes in the reproductive organs. Radiation can change the genes to the extent that defective children will result — this we do know about radiation, although there is a lot we do not know."

Miss Mary Louise Callahan, 40, society editor of The Gettysburg Times, died suddenly this morning at 8:20 o'clock at her home, 227 Highland Ave.

She had been ill with hypertension since February 17 when she was stricken suddenly while attending a church service and had been confined to her home since. She was believed recovering. This morning she had seemed in improved health and was permitted to leave her bed. Shortly after arising she suffered a rupture of a blood vessel in the brain, causing death. She had suffered from hypertension for some time and had been under a doctor's care.

A daughter of Mrs. Mary E. (Warthen) Callahan, with whom she resided, and the late Daniel Edward Callahan, she was born in Emmitsburg, November 6, 1916. She attended St. Anthony's Parochial School near Emmitsburg, St. Joseph College High School, Emmitsburg, and received her bachelor of arts degree from St. Joseph College, Emmitsburg, in 1940.

Social Editor Five Years
The deceased received a certificate in Journalism from St. Joseph College and studied typing at a business college in Washington prior to accepting a position as clerk for the Federal Bureau of Investigation, Washington, where she also served as assistant editor of the "FBI Weekly." She was employed for a while by the William J. Gallery's book store, Washington.

After the war, she was employed by the Mother Seton Guild, Emmitsburg, as an archivist. She continued to write and edit the guild's bulletin up to the time of her death.

Before joining the business office staff of The Gettysburg Times in 1951 she was employed by The Book Nook, Emmitsburg.

In September, 1951, Miss Callahan joined the news staff of The Times as social editor.

Wrote Book On Mother Seton
She recently wrote a book on the life of Mother Seton in whose cause for canonization she was extremely interested. The title of the book is "Little Birds and Lilies."

Miss Callahan was a capable and efficient social editor and she enjoyed a wide circle of friends in all walks of life.

Her sudden death this morning shocked the community.

Services Friday
She was a member of St. Francis Xavier Catholic Church and of the Sodality and the local unit of the National Council of Catholic Women. She was also a member of the Woman's Club of Gettysburg and the Alumnae Association of St. Joseph's College.

Surviving in addition to her mother are two brothers, Daniel E. Callahan, W. Middle St., and Paul C. Callahan, at home, and a number of nieces and nephews. Her grandmother, Mrs. Louisa Warthen, of St. Anthony's, near Emmitsburg, also survives.

Funeral services Friday morning with a meeting at the Bender Funeral Home, Carlisle St., at 9:15 o'clock followed by a Requiem Mass at St. Francis Xavier Catholic Church at 10 o'clock with the Rev. Fr. Anthony F. Kane officiating. Interment in the St. Anthony's Cemetery near Emmitsburg. The family will receive friends Thursday evening from 7 to 9 o'clock at the Bender Funeral Home where the Rosary will be recited at 8 o'clock.

172 Franklin Twp. Pupils Given Shots

A total of 172 Franklin Twp. elementary school children received Salk vaccine shots Monday at the Franklin Twp. Consolidated school at Cashtown. Dr. Raymond Hale was in charge of the inoculations.

Pupils of the New Oxford parochial and Lower Adams joint schools will receive second and third shots Friday at the New Oxford Elementary school as part of the program to provide the Salk shots to all school children.

Delegates from the Gettysburg American Legion Auxiliary to the four-county council conference of American Legion Auxiliary Women to be held in Wrightsville March 7 were announced at a meeting of the Gettysburg American Legion Auxiliary at the Post Home, Baltimore St. Monday night. The delegates are: Mrs. Edith Bushman, Mrs. Mary Fridinger, Mrs. Howard Hartzell, Mrs. Paul Spangler, Mrs. Pearl Wiser and Mrs. Edgar Shellen. The four-county council includes Adams, Fulton, Franklin and York Counties.

The Auxiliary nephew, Lloyd Aldridge of the Scotland School, will be entertained at a birthday party Sunday, March 3. Members, who wish to attend the party, should contact Mrs. Stanley Brunette at 500-W. All members were urged to send birthday greetings to Lloyd.

Sums of \$5 were voted to the heart fund and to the Salvation Army. The recent magazine sale conducted by the auxiliary netted \$149, it was announced.

Program Given
Membership dues are being collected now by Mrs. Edith Bushman, 220 S. Stratton St.

Following the business meeting the following program was presented: "My Faith Looks Up To Thee," a piano solo by Mrs. Howard Hartzell, and the following readings: "Patriotism," "Young Patriot," "Abraham Lincoln" and "With Citizens" by Mrs. A. A. Maust; "This Splendor to Live So Grandly" by Mrs. Edith Bushman. Group singing of "Now the Day is Over" ended the program. Mrs. Howard Hartzell accompanied the group on the piano.

The guess box, donated by Mrs. Mary Fridinger, was won by Mrs. Fred Gormley. The basket of fruit, donated by the Ways and Means committee, was also won by Mrs. Gormley.

Hostesses appointed by the president for the March 11 meeting are: Mrs. Mary Fridinger, chairman, Mrs. Shirley Ann Fridinger and Mrs. Edgar Shellen. Surprise night will be observed at the meeting.

An executive meeting will be held March 4 at 7:30 o'clock.

A covered dish supper was served to 18 members who attended the meeting Monday night. Mrs. Mary Fridinger, president, presided.

Bulletins

WASHINGTON (AP)—A nationwide Senate investigation into alleged labor-industry racketeering opened today with testimony by two Portland, Ore., newspapermen that a gangster-union combination "tried to take over our city government."

The newsmen were Wallace Turner and William Lambert, reporters for the Portland Oregonian.

HARRISBURG (AP)—The Republican Senate leadership today put Secretary of Welfare Harry Shapiro on notice that he could not expect a "blank check" in appropriations for the state's mental hospital program.

Some Democratic senators joined Republicans in debate in the Senate last night in criticizing Shapiro for what Sen. Hugh J. McManamin (D-Lackawanna) called his "illegal and unconstitutional" expenditure of certain mental funds. Others defended Shapiro.

UNITED NATIONS, N. Y. (AP)—Canadian Foreign Secretary Lester B. Pearson today proposed a four-point plan to getting Israeli forces out of the Gaza Strip and the area around the Gulf of Aqaba.

He appealed to the 80-nation General Assembly to postpone any action on sanctions against Israel until after further efforts are made to find an agreed solution to the Israeli-Egyptian dispute.

DONKEY CAGE GAME
A donkey basketball game will be played in the Taneytown High School on Wednesday, March 13. The game is played from the backs of trained donkeys.

The senior class is sponsoring the event.

All local riders will be used for the exhibition. Teams from the Kiwanis Club, Junior Chamber of Commerce, fire company and the American Legion will compete in the evening games.

NEW YORK (AP)—Stock market prices were generally on the upside in early trading today.

Pivotal issues rose from fractions to around a point or so.

After an active opening, turnover became quiet.

Wall Street observers said that the market was still feeling its way along uncertainly. The pending debate on Israel sanctions was one factor causing hesitancy, brokers said. Meanwhile, the general run of business and economic news continued mixed.

HARRISBURG (AP)—Highways Secretary Joseph J. Lawler said today proposed improvements to U.S. 6 will be held up until some action is taken on the Keystone Shortway in the federal inter-state network.

Lawler asked J. L. Stinson, district engineer of the U.S. Bureau of Public Roads, to furnish him with information on the status of the shortway project which has been before the bureau for several months.

Social Happenings

Phone Gettysburg 1248, 640 or 725

Miss Anna Cairns, Springs Ave., will entertain the Hospital Bridge Club at a dessert bridge Thursday afternoon at 1:30 o'clock at the Hotel Gettysburg.

The weekly recreation class for the women of the community, above the age 16, will meet at its regular time Wednesday night, 7:30 until 9:30 o'clock, at the girls' gymnasium at the Gettysburg High School. DOCTOR DENIES

(Continued From Page 1)

palsy have occurred in children born after the mother or father had been exposed to radiation. Four per cent of the children have these defects. Two per cent of these are on a genetic basis while the other two per cent we can't account for. Of the two per cent on a genetic basis one fifth of the defective children resulted possibly from radiation.

"In people over 40 years of age a doctor can't sacrifice the potential health of the patient and forsake x-rays if the patient needs them. Radiologists realize that radiology is dangerous and we have to use good judgment. If we x-ray your skull it is not the same as x-raying the pelvis and scattered rays produce a very small amount of radiation. The newest equipment manufactured today, Image Amplification, cuts radiation down to a bare minimum. And new advances are being produced all the time."

To Head Rummage Sale

During the business meeting preceding the Dr. Delozier's talk it was announced that Mrs. Joseph Heiney will be chairman of the auxiliary's annual rummage sale to be sponsored jointly by the Rotary Club. The tentative dates set were March 29 and 30.

A white elephant sale including articles of 25 cents and more will be held at the next meeting. Mrs. David Pitzer, chairman of the ways and means committee, announced. An auction of the elephants will be held at the next auxiliary meeting.

Hostesses for the March, April, May and June auxiliary meetings were named. They are: March, the Wednesday Bridge Club, Mrs. T. J. Winters, chairman; April, the Thursday Afternoon Bridge Club, Mrs. Roy W. Gifford, chairman; May, the Sororist Club, Mrs. George W. Boehner, chairman; June, the auxiliary of the Biglerville Fire Company, Mrs. Sterling J. Roth, chairman.

Report New Members

Mrs. Paul L. Roy, chairman of the membership committee, reported that \$366 has been collected since the January tea and there are currently three hundred and nine active members. Twenty-two members and three honorary members have joined the auxiliary in the past month.

No action concerning a recent movement in the town to provide constant traffic regulation on Lincoln Square was taken by the auxiliary since "it is not the policy of the organization to become involved in debatable matters."

The county home representatives reported that a davenport is needed at the home.

Mrs. Fred Pfeiffer announced that hospital staff members will be asked to give ten-minute talks on their department at each auxiliary meeting.

Ninety-eight pictures were taken during the month by the Photo-Babe committee. The profit was \$71.80.

The Snack Bar committee receipts were \$328. A profit of \$103.46 was collected by the committee in January.

Mrs. Howard Hartzell, treasurer, reported a balance of \$1,546.34. The amount spent by the auxiliary during the month was \$457.34.

COUNTY BOARD

can be secured, according to reports at the county board meeting. At least eight children in the county should be taught braille because of their extremely poor eyesight, Superintendent Keefer said, and state funds are available for a special teacher to teach those youngsters and others who need special aides and techniques because of very poor eyesight.

The county board learned that it has been referring to the Adams County Day Care Training Center by the wrong name since the county has taken over its operation. Keefer said that properly the term "day care training center" refers only to such schools operated by the state. When operated by county or individual school systems the proper name is "special class — trainable." The county now has seven "special classes," the one listed as "trainable" which is the Day Care Training Center and the others "special class — educatable," referring to the more advanced classes in schools.

May Need Extra Room
In connection with the "Day Care Training Center," or "special class — trainable," it might be necessary to secure an additional room and an additional teacher next year, depending upon action by the Hanover school board, Superintendent Keefer said. At present Hanover has no such class and sends students to the Adams County class. A number of additional students are scheduled to enter the local "special class — trainable" next fall and if the Hanover students continue here the number will be large enough to warrant use of four teachers and two rooms. "We are at the limit now of the number that can be taught in one room with three teachers," Keefer said.

The possibility of establishing one joint system out of the North Adams, Conewago and Lower Adams districts "seems very remote," the county board members reported. A survey was conducted after several directors in the area had expressed interest in the idea, but it was found that there is "about as much objection to the idea as interest in it."

IKE'S PASTOR

revival is, we do not know how it may modify the mores of society, how permanent it will be. But there is no doubt of the spiritual force at work in America at this point in its history.

"On our campuses the students are more serious. Little groups are banding together for spiritual improvement. There is an improved quality in our clergy. The type of men coming from the seminaries of all denominations are superior to the men when I was ordained. There is a depth of consecration deeper than we have seen for half a century.

Spiritual Activities

"Even more significant is the rise of dynamic laymen's organizations seemingly spontaneously to promote all spiritual activities from quiet spiritual retreats to evangelism.

"Religious books are now among best sellers. Television and radio bespeak the spiritual. When one goes to the diner on trains or in restaurants one is apt to find a card with prayers before meals printed on them for use of diners, something that has never happened before. One hundred years ago only 15 per cent of our people belonged to any church. Sixty per cent of our people list church affiliation today.

"In our nation's capital there is much evidence of this spiritual revival and it is symbolized in the person and conduct of our President who had been absent from service only five Sundays during the five years he has been in Washington.

"There is a difference today. Religion is out in the open, unashamed, with a virility it has not known for years."

General Presents Speaker

Dr. Elson was introduced by Gen. Willard S. Paul, president of Gettysburg College. During the war years Dr. Elson had been chaplain for General Paul's division. The Washington minister told the group, "In General Paul Gettysburg has one of the great natural leaders of men, a very accomplished administrator and a noble Christian. Gettysburg College and Pennsylvania are to be congratulated in securing General Paul as president of the college and as a citizen."

Dr. Hauft Bolton, an aide of Dr. Charles P. Bailey, Philadelphia heart specialist who was the speaker at a Heart Association talk following the dinner at the high school, told the assembled club members: "The Heart Association of Pennsylvania, of which the Adams County unit is a member, is engaged in providing the funds for much research into heart conditions. Among the projects currently taking place in our laboratory under sponsorship of the Pennsylvania Heart Association is study of the operation of the valves of the heart through use of a synthetic heart.

"There is another experiment now underway which may prove of great value," he added. "Industry uses ultrasonic sound to shake loose carbon deposits in motors. We are experimenting with the use of ultrasonic sound to see if it will shake loose the calcification in the valves of hearts. If it can be successfully achieved we may have a tool to restore many hearts to normal through the use of sound that cannot be heard."

Dr. Raymond Sheely presided at the joint meeting of the Rotary, Lions, Kiwanis, Exchange, Sororist and Business and Professional Women's groups. Paul Grove led group singing with Dr. Kenneth Smoke at the piano. Lions President Attorney Eugene R. Hartman announced there will be no meeting of the Lions next week.

truck of Robert Oyler, 205 Ridge Ave., which had just driven into the south lane from the Holland station, headed east. Flesman said he had sounded his horn once as the Strausbaugh car approached the intersection.

Pvt. Brady took the stand and read statements given him the day of the accident by Flesman and Oyler.

He quoted Flesman as placing his speed at 35-40 as he approached the intersection but at 15 to 25 immediately before the crash. Strausbaugh was going "about 5 miles an hour," both Oyler and Flesman agreed.

The officer said Oyler told him Flesman "had a choice of hitting me or the car and he hit the car." Strausbaugh was thrown onto the highway and was lying near the rear of the Oyler truck after the mishap. Strausbaugh died a week later in the Warner Hospital of rib fractures, a fractured pelvis and other injuries.

No Charges Filed

Strausbaugh told Brady he had no recollection of the accident, the officer testified.

No charges have been filed against Flesman as a result of the fatal accident.

Members of the coroner's jury were R. Dale Bream, Jacob Bream, Frank Mumper, Mrs. Edward Crist, Mrs. C. T. Ziegler and Hugh C. McIlhenny, foreman.

attending a cardiac seminar in Philadelphia at the expense of the county association. Thirty hospital beds and bedside commodes are available for use by heart patients throughout the county and a new hospital bed for cardiac patients has been given to the Warner Hospital, the secretary said.

Before the speech making, the Gettysburg High School choir under the direction of Paul W. Grove presented a group of selections. Ann Jordan and Jan Wagnild were the pianists.

Patients In Audience

About 350 persons attended the lecture which followed a joint dinner meeting of the service clubs of

the community in the high school cafeteria when Dr. Raymond F. Sheely, county heart association president, presided and Dr. Edward Elson, National Presbyterian pastor from Washington, D. C., was the principal speaker.

Dr. Bailey came here from another speaking engagement in Newark, N. J., and discovered after his lecture here there were persons in his audience upon whom he had performed heart surgery. Several greeted him after the program.

Dr. David Stoner was program chairman for the evening program. L. S. Long of the heart association was in charge of dinner arrangements.

FORD IS AMERICA'S
WINNINGEST CAR!

For 1957, Ford's off to a flying start on the NASCAR Short Track, Convertible and Grand National Race Circuit—with more points than all other cars combined!

And now—just in from Daytona—seven more Ford firsts!

- A 300-hp 1957 Ford out-accelerated all other low-priced cars in the standing mile competition.
- A 1957 Ford Sunliner outclassed all other low-priced cars in the 160-mile National Convertible Championship Race.
- A modified Ford Thunderbird, running in the Experimental Class, out-accelerated every other car in NASCAR history.
- A modified Thunderbird topped every American Sports Car, finished first in its class and placed second to Europe's fastest sports car at the National Amateur Sports Car Race.
- A standard production Thunderbird took first place in the flying mile—outperforming all sports cars made in America.
- A modified Thunderbird won the flying mile in the fastest time made by any car at Daytona this year.
- And a Ford Thunderbird topped the field in acceleration from a standing start in Modified Sports Car Class B.

It was Ford Thunderbird power that set a new stock car record at Indianapolis, too . . . and powered the '57 Ford to 458 world endurance records at Bonneville, Utah.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTY YEARS AGO

A Pleasant Event: On Washington's Birthday quite a party of friends and neighbors met at the hospitable home of ex-Poor Director J. Carma Smith and wife, Mountjoy Township. At the usual noon hour all were invited to the festive room where they partook of the sumptuous feast which had been prepared for the occasion. Roast turkey, cold chicken, roast beef and other good things such as cakes, ice cream and bananas. No effort had been spared to tempt the appetite.

Those present were: J. Carma Smith and wife, George Hildebrand and wife, John W. Keefe and wife, E. H. Benner and wife, John F. Sharetts and wife, Mrs. John Starner, Misses Sadie and Effie Schwartz, Algie Hildebrand, Elsie Smith, Messrs. Clarence C. Smith, Mervin Benner, George Parr.

Home Wedding: Heckenluber-Smelter — Early Thursday morning February 21, 1907, at the home of Mr. H. A. and Mrs. Ella J. Smelter, of Arendtsville, the bonds of matrimony were solemnized in the presence of their near relatives and a few invited guests, when their youngest daughter, Miss Ethel Anna, was united in marriage to A. Ralph Heckenluber, of Biglerville, by the bride's pastor, Rev. D. T. Koser. While the clock was striking six they were pronounced man and wife. The bride was attired in a white silk mule, the groom in black cloth suit. After congratulations a brief social time was spent when the bride changed her costume for traveling to Pearl Gray Poplin. The happy couple departed rejoicing on the early train for an extended tour going to Harrisburg, Philadelphia, Wilmington, Del.

Another Case Of Smallpox: Dill Brean, one of the most prominent residents of Bendersville, is suffering with smallpox. Dr. Stover is the attending physician and a trained nurse has been employed.

Caught Between Logs: C. J. Dear-dorf, lumberman, of Cashtown, had the misfortune of having his one leg caught between two heavy logs. The leg was severely bruised, but fortunately no bones were broken.

Accidents: Charles Zelger, Littlestown, fell on the icy pavement in that place last Tuesday, and fractured his right leg about two inches above the ankle. The gentleman is able to be about with the aid of crutches.

In The Social Circle: Prof. and Mrs. Charles I. Huber entertained at dinner at their home on Carlisle Street Thursday evening.

Dr. T. C. B. Heimer entertained the Senior class of the Seminary at dinner at his home on Springs Avenue Thursday evening.

Another Hotel Change: William K. Barkdoll, who for the past several years has conducted the Globe Hotel successfully, has disposed of the good will and fixtures of this well-known hotel to George Ensinger, formerly of the Marshall House, York. The new landlord will take charge Saturday next.

Local Miscellany: The WCTU will meet with Mrs. K. M. Wolf Saturday at 2:30 p.m.

By the will of the late Miss B. Katherine Culp, S. A. Troxell becomes the sole owner of her real and personal property, valued at from \$10,000 to \$12,000.

The Civic Club will meet in the Engine House, Friday afternoon, March 1, at 2:30 o'clock.

The masquerade ball, which was held in the armory last Friday evening, proved a success in every particular. About 30 couples were present.

Mr. and Mrs. Elias Dilfield celebrated their twenty-second wedding anniversary on Washington's birthday.

By reason of the boiler of the heating plant in the Eagle Hotel bursting Sunday, the traction engine, owned by D. J. Forney, was pressed into service and is being used to heat the hotel.

In The County: Charles Mummert sold his property in Abbottstown to Raymond Chronister for \$700.

Today's Talk

PEACE

Peace is such a precious word, and it would mean more than any other, if universally enacted and made a world-wide fact! It was Benjamin Franklin who once said "there has never been a good war nor a bad peace." At least you get something that all the world wants in a peace, even in an imperfect one!

That Christmas line — "On earth peace, good will toward men" should become the world-wide objective for us all, as well as of all nations upon this earth. Peace is the prayer of us all. All happiness and prosperity depend upon it. Without it the entire world suffers.

Year by year the burden of debt, because of the price of armaments, grows heavier and heavier, and the poorer nations are constantly borrowing from the strong ones with little or no chance for that debt ever to be paid.

How different it would be if all that money scattered about the world for defense and war could be spread out to make this world a happier and more prosperous one — one that would not keep robbing the world of its precious resources. Especially its waste in human life.

In one of the most beautiful of brief poems by John Galsworthy, he said: "Death is such a waste of me. . . . Doom not the hereafter of mankind to war. Make my last breath a bugle call, carrying peace o'er the valleys and cold hills for ever."

What a pity that the world has to sacrifice its future great through its precious youth!

Imagine the thoughts that are going through the minds of the young men today as they look into a future fogged with a vision of useless and suicidal war. Who can measure the continuing waste in armaments as that debt is shouldered from the strong to the weak? Will God step in, as Victor Hugo declared He had to, when Napoleon's power threatened the world, to save mankind from chaos? Let us hope that He will!

Tomorrow Mr. Adams will talk on the subject: "Lessons I've Learned"

Projected, 1957, by The George Matthews Adams Service

Just Folks

THE HAPPY MAN

He walked down the hall with his head in the air;
He just had been freed from the clutch of despair.

It was plain he was leaving grim terror behind;
His world was aglow; he's no care on his mind.

And I asked as he passed, "Why the cause of such joy?"
Are both doing well? Was it girl or a boy?"

There can be no mistaking so gorgeous a smile;
In this world there is nothing that seems so worth while.
It's a thrill that not often the years will repeat,
That makes a man friendly to all he may meet.

Hope has come to replace all the cares that annoy,
So I asked him this question, "A girl or a boy?"

It seems in a hurry these young fathers are.
What he said I don't know as I took his cigar.

I remember his grin as he stopped in the light
From the gloom of the hall he had paced through the night.

I am sure he rushed by with his head in a whirl,
And I still haven't learned was it boy or a girl.

WANT CHECK ON
BACKGROUND OF
DAVID K. E. BRUCE

WASHINGTON (AP) — Senators Watkins (R-Utah) and Francis Case (R-SD) called today for an examination of the political and diplomatic background of David K. E. Bruce, nominated by President Eisenhower as ambassador to West Germany.

Watkins said the fact that Bruce contributed \$1,000 to 1956 Democratic campaign funds "raises a question in my mind whether he supports the Eisenhower foreign policies." The contribution, made to "Democratic organizations," was listed on a report of a Senate Elections subcommittee.

"If he was in sympathy with the ideas of Adlai E. Stevenson during last year's campaign, I would have some question as to whether he can fairly represent the policies of this administration," Watkins said.

Should Check Background

Case said in a separate interview he thinks "the background of Mr. Bruce, both as to his attitude toward the problems of Germany and the free world and the background of the political causes he has espoused, should be carefully considered by the Senate Foreign Relations Committee."

Case said he would be more interested in Bruce's views on Germany than he would in the nominee's political activities.

Bruce, a 59-year-old Maryland resident, served as ambassador to France and undersecretary of state during the Truman administration. He was named by Eisenhower as ambassador to the European Coal and Steel Community and now is a member of the President's board of consultants on foreign intelligence activities.

Sen. Aliken (R-VT), a foreign relations committee member, said he and some of his GOP colleagues were "incensed" at the appointment of "another Democratic campaign contributor to an important diplomatic post."

"They ask us to defend Secretary of State Dulles and the President when they are criticized by the Democrats," he said, "but every time there is an important job to be filled they give it to a Democrat."

Sen. Butler (R-Md), who represents Bruce's home state, said he was "disappointed" with the selection but would not oppose the nomination.

Bruce would succeed James B. Conant, who resigned the Bonn post last month.

Eisenhower also nominated Amory Houghton, 56, board chairman of the Corning Glass Works, to be ambassador to France, succeeding C. Douglas Dillon.

"Bugs" Moran Dies
In Leavenworth

LEAVENWORTH, Kan. (AP-G C) (Bugs) Moran, Al Capone's chief competitor in Chicago's booze and gambling rackets in the Roaring '20s, died in the Leavenworth Federal Penitentiary yesterday of lung cancer. He was 64.

Moran's power in the Chicago underworld faded after several of his lieutenants were among the seven killed in the famous St. Valentine's Day Massacre in 1929. The mass slaying was at a garage from which he directed his mob's depredation on Chicago's North Side.

Moran was brought to Leavenworth Jan. 11 to serve five years for burglarizing the Citizens State Bank at Ansonia, Ohio, Nov. 8, 1945.

U. N. ASSEMBLY
PREPARES TO
RESUME DEBATE

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly prepared to resume its debate on sanctions against Israel today without further delay.

Many U. N. diplomats were convinced Israel's marathon talks with U.S. and U.N. officials had done little toward getting Israeli troops out of Egypt and the Gaza Strip.

Impatience grew as reports circulated that Israeli Ambassador Abba Eban had returned empty-handed from his latest trek to Jerusalem for new instructions.

Delegates Annoyed

A number of prominent delegates — both Western and Asian — have become annoyed at having to cool their heels while Eban held a series of consultations with Secretary of State Dulles and Secretary General Dag Hammarskjöld.

The Middle East debate was postponed twice again yesterday while Eban conferred in Washington and at U.N. headquarters.

Arab diplomats campaigned in the U.N. corridors for support to their sanctions resolution. It calls on all U.N. members to "deny all military, economic or financial assistance and facilities" to Israel until she quits the Egyptian coast of the Gulf of Aqaba and the Gaza Strip.

Vote Of Confidence

Prime Minister David Ben-Gurion won a 72-29 vote of confidence in the Israeli Parliament last night after making clear that Israel will not quit the Gaza Strip unless assured the Egyptians will not return.

Egypt mounted repeated commando raids from the strip until Israel seized it in the October-November invasion.

Ben-Gurion also repeated Is-

EX-HOLLYWOOD
PRODUCER KEY
MAN FOR SPIES

NEW YORK (AP) — Government counsel have identified Boris Morros, former Hollywood producer and music director, as a key prosecution witness for the trial here of three persons accused of spying for the Soviet Union.

Whereabouts of the Russian-born Morros have not been revealed, and his role in the case is cloaked with mystery.

There were unofficial reports that government officials are keeping him out of the way of possible harm.

Morros was named yesterday by Chief Asst. U.S. Atty. Thomas B. Gilchrist Jr. as the individual mentioned in 14 overt acts allegedly involving the three defendants.

The overt acts in which Morros allegedly was a figure included meetings in New York, Paris, Vienna and Zurich, Switzerland. The government charges that the meetings were arranged for the exchange of data concerning the activities of the alleged spy ring.

Three Are Indicted

U.S. Atty. Paul Williams declined outside the federal hearing room to tell newsmen more about Morros' role in the case.

Morris, 62, was named in the chamber of Federal Judge Gregory F. Noonan at a hearing on motions by George Wolf, counsel

for Jack Soble, 53, a brush importer, and his wife Myra, 52. The Sobles and Jacob Albam, 64, foreman for a tea and spice company, were indicted recently on charges of seeking United States defense secrets for transmission to Russia. The three were arrested by the FBI in New York City Jan. 25. They have pleaded innocent to charges of spy conspiracy over a 10-year-old period.

Diplomats agreed approval of the Arabs' sanctions resolution still depended mainly on what stand the United States takes, since most of Israel's economic and financial aid comes from America.

Supreme Court Ignores Plea
Of Convicted Photographers

WASHINGTON (AP) — The Supreme Court yesterday let stand the contempt convictions of seven western Pennsylvania newspapermen for photographing a murder trial defendant.

The seven took the photographs to test the legality of a picture ban by the Westmoreland County Court at Greensburg, Pa.

Judge Edward G. Bauer of the County Court issued the photo ban at the trial of John W. Wable, who was convicted as the slayer of a truck driver on the Pennsylvania Turnpike. Wable was executed Sept. 26, 1955.

Wable was photographed in a corridor outside the courtroom while court was not in session. The seven newspapermen were sentenced to jail and fined. The Pennsylvania Supreme Court later affirmed their contempt convictions but threw out the jail sentences.

Yesterday's refusal to act by the U.S. Supreme Court was announced in a brief order which gave no reason.

David W. Mack, publisher of the Greensburg Tribune-Review and one of the convicted newspapermen, said the U.S. Supreme Court action does not close the case.

He said the Pennsylvania Newspaper Publishers Assn. and the newspapermen who appealed to the State Supreme Court will seek a new way to get the issue before the U.S. Supreme Court.

This will be done by taking the case to the Federal District Court in Pittsburgh. This is the first step to be taken in a new effort to get the case before the U.S. Supreme Court for action," he added.

The other convicted newspapermen were William Block, publisher of the Pittsburgh Post-Gazette; Andrew Bernhard, Post-Gazette editor; Vince Johnson, Post-Gazette reporter; James Klingensmith and Don Bindyke, Post-Gazette photographers, and Robert Purdy, photographer hired by the Tribune-Review.

Mack, Block and Bernhard were fined \$500 each; Purdy, Johnson, Klingensmith and Bindyke, \$100 each. The prison sentences set aside were five days for each person.

for Jack Soble, 53, a brush importer, and his wife Myra, 52.

The Sobles and Jacob Albam, 64, foreman for a tea and spice company, were indicted recently on charges of seeking United States defense secrets for transmission to Russia. The three were arrested by the FBI in New York City Jan. 25. They have pleaded innocent to charges of spy conspiracy over a 10-year-old period.

GENE AUTRY TO
PLAY HERSHEY

HERSHEY, Pa. — Dieter Tasso, a performer with the Ringling Brothers and Barnum and Bailey Circus for the past several seasons, is one of the featured stars with Gene Autry's Hit Show of 1957, coming to Hershey Sports Arena for matinee and evening performances on Friday, March 1.

A native of Germany where he learned his profession from his uncle, Tasso juggles and balances seven tea cups and saucers and a teapot on his head, while balancing on one foot on a slack wire.

Davis Is Comedian

Providing comedy will be Rufe Davis, hillbilly funny man, who has appeared with Autry in several of his pictures. Davis began his career with the famous Weaver Brothers and Elvira, later putting together his own act for the theater and nightclub presentation.

The Strongs, bull whip and trick roping performers, are also on the card, having been brought back by popular demand as a result of their popularity with audiences who saw the Autry show last season.

Authentic western music will be provided by Carl Cotner and His Melody Ranch Orchestra, and by the popular Riders of the Purple Sage, who are well known in recording circles for their western ballads.

Mount Laces Steubenville 90-67 For 13th Straight; Sullivan Adds 33 Points

Mt. St. Mary's made it 13 straight basketball victories Monday evening when it trounced the Barons from Steubenville, O., 90-67, before a large crowd at Memorial Gymnasium, Emmitsburg, to avenge one of its four losses to collegiate opposition.

The victory gives the Mount a 17-4 record in college competition and 17-5 against all foes, the extra loss being to the Quantico Marines which does not figure in final NCAA compilations.

Jack Sullivan, fabulous Mount ace, hiked his Maryland state scoring record for one season to 724 points by contributing 33 points. It boosts his four-year career output to 2,271.

However, scoring honors for the game went to Jim Smith, husky Negro center for the Barons, who wound up with 36 points before going out on fouls with 7:30 minutes of play remaining. Smith carried the Barons throughout most of the game and during the first 10 minutes of action of the second half scored all of the points for Steubenville with a run of 21 consecutive points. He also captured 25 rebounds.

Jack Marshall, a freshman, turned in one of his best performances for the winners, cashing in on a number of steals to register field goals and wound up with 20 tallies.

Except for 3-3 and 11-11 deadlocks in the first seven minutes of play, Coach Jim Phelan's outfit led all the way. At the halfway mark in the half the Mount led 23-15. The teams battled on even terms during the remainder of the half which enabled the Mountaineers to hold a 45-37 advantage at intermission.

Led by Marshall, Bill Williams, Bert Sheing and Sullivan, Mt. St. Mary's built up a 64-47 lead in the first six minutes of the second half. Smith became even better on his scoring from underneath against the zone of the Mount and rammed through 11 points in the next four minutes as the Barons cut their opponents' lead to 70-58. A short time later Smith fouled out and with that went all hopes for the Barons.

The Mountaineers travel to Ruthersford, N. J., to meet Fairleigh-Dickinson Wednesday evening and Friday night meet Villanova in the first game of a doubleheader at the Palestra, Philadelphia.

A busy week is also scheduled for the Mount next week. Monday night they will play an as yet unnamed opponent at Emmitsburg in the small-college NCAA tournament. A win that evening means another playoff game the following Saturday which will also be played on the Mount court. In between the Mountaineers will participate in the Mason-Dixon Conference tournament March 5, 6 and 7 at Loyola University, Baltimore.

Penn State Gridders Signed By Eagles

PHILADELPHIA (AP)—Dan Radakovich, Penn State linebacker and center, has signed a 1957 contract with the Philadelphia Eagles of the National Football League, general manager Vince McNally disclosed today.

Radakovich was the Eagles' ninth choice at the January NFL player draft. McNally said he met the 205 pounder at the Pittsburgh airport where the State a c c agreed to terms over a cup of coffee.

Hold Conference On Site For School

HARRISBURG (AP)—Both sides in a dispute over location of a school building in the Warrior Run section of Northumberland County will confer with officials of the Department of Public Instruction on March 15.

Dr. Charles H. Boehm, superintendent of the department, fixed the date late yesterday for the conference. He said it was hoped a solution of the dispute would develop at the conference.

A group of Watson residents protested the site selected by the school board. A three-member committee from the department upheld the school board in a report to Dr. Boehm.

That report will be discussed at the March 15 conference.

Howitzer Co. Bows To Camp David 5

After holding the Camp David cagers to a 31-31 deadlock at the end of the first half, the Howitzer Company quintet wilted in the last half to drop an 82-57 verdict on the armory floor Monday evening.

Borschers topped the visitors with 22 points and Steinwehr collected 15 for the losers.

Tonight the Howitzer outfit meets St. James Church on the armory court.

NORTH CAROLINA STRENGTHENS HOLD ON TOP

The rich get richer, they say, and North Carolina's talented basketball team today more than doubled its first-place margin of a week ago in the Associated Press basketball poll.

The undefeated Tar Heels (22-0) and the end not in sight) compiled 757 votes from the nation's sport writers and sportscasters to 637 for second-place Kansas. Just a week ago, they had a slim 50-point margin.

When Wilt (The Stilt) Chamberlain and company took a 56-54 beating over Oklahoma A&M last Thursday, that undoubtedly hurt the Jayhawks. However, they did hold down second place by a comfortable margin over Kentucky, which compiled 508 votes.

Some Minor Changes
The voting included games of last Saturday and was tabulated on the usual basis of 10 points for first place, 9 for second and so on.

There were several minor changes in the lineup below the Big Three. Southern Methodist, which captured its third straight Southwest Conference championship, jumped from sixth to fourth.

UCLA climbed from eighth to sixth, while Seattle dropped from fourth to fifth and Bradley slipped from fifth to seventh. Iowa State was the only club to tumble right out of the top 10. The Cyclones tumbled to 16th as a result of losing to Kansas State Saturday night.

The top 10, with first-place votes in parentheses:
1. North Carolina (61) — 757
2. Kansas (6) — 637
3. Kentucky — 508
4. Southern Methodist — 424
5. Seattle (6) — 393
6. UCLA (1) — 257
7. Bradley — 153
8. Louisville (1) — 141
9. Vanderbilt — 134
10. Indiana — 118

The second 10, in order:
West Virginia, Kansas State, Wake Forest, St. Louis, Idaho State, Iowa State, Oklahoma A&M, Oklahoma City, Memphis State and Mississippi State.

Seek Transfer Of 28th Division Shrine

HARRISBURG (AP)—A bill was ready today for Senate action to transfer to the State Historical and Museum Commission the operation and maintenance of the 28th Division Shrine at Boalsburg in Centre County.

The measure, receiving Senate committee approval last night, would also appropriate \$25,000 to the commission for maintenance. The shrine, authorized by the Legislature more than 20 years ago, now is maintained by the Military Affairs Department.

Locate More Bodies In Wrecked Plane

SEOUL (AP)—Salvage crews today spotted three to five bodies of American servicemen beneath the ice-covered wreckage of a U.S. Air Force Globemaster which crashed on a sand bar in the Han River Friday night.

Nine bodies already have been recovered. Twenty-eight of the 137 survivors still are hospitalized. The plane was en route to Japan with 159 Americans aboard.

The bodies could not be recovered today because of a giant tide. A recovery try is planned tomorrow.

BELLEFONTE, Pa. (AP)—Rockview State Penitentiary has freed horses from work on the prison farms. The animals were sold. Warden Frank C. Johnston said increased use of machinery did not justify the expense of keeping the horses. The prison at one time had 88 draft horses; 24 were left at the final sale.

SPARTANS CLIP WISCONSIN AND TIE FOR LEAD

By ED WILKS

Hey! Look who's back in business again in college basketball. It's Fordy Anderson — the guy who coached those great and near great teams at Bradley, then had to start from scratch when the gambling scandals scarred some of his aces.

Fordy fiddled around in Peoria after awhile, brought the Braves back up to the finals of the 1954 NCAA championship (where they lost to LaSalle), and then took over at Michigan State. Now, in three years, he has the Spartans tied for the Big Ten lead, favored to take the championship and a NCAA major college tournament berth.

A 78-62 job on Wisconsin — the ninth consecutive victory in a row after three defeats — brought the Spartans to the top with Indiana last night as Michigan upset the Hoosiers 87-86, Ohio State, banned from the NCAA by conference probation, lost a chance to make it a three-way snarl by being upset at home by Illinois 79-72.

Two Titles Nailed
While Michigan State was moving into position for a conference crown, two other teams nailed their titles — plus automatic berths in the NCAA slugging.

Kentucky, No. 3 in today's Associated Press poll, closed its Southeastern season with a 103-85 breeze against Auburn.

Texas Western gained its first victory in the NCAA Tournament by winning the Border Conference title with a 72-69 overtime decision over New Mexico A&M.

Gopher Mark Tied
St. Louis, Mo. 14, closed in on the Missouri Valley Conference championship although idle as Houston sprung a surprise that whipped Bradley 88-79.

Elsewhere in the Big Ten, Minnesota tied a Gopher mark with a 102-81 easy one against Iowa, with George Kline setting an all-time Minnesota mark by scoring 40 points.

In the SEC, ninth-ranked Vanderbilt sewed up second place by defeating Georgia 75-51; Georgia Tech topped Florida 64-57; and Tennessee defeated Alabama 97-89.

Penn Professor Who Quit Leader Cabinet Is Back On State Payroll At \$60 Per Day

HARRISBURG (AP)—Dr. James C. Charlesworth, University of Pennsylvania professor who stirred up a boiling controversy before resigning from the Leader cabinet, is back on the state payroll.

Over the weekend Chairman Norman Wood (R-Lancaster) of the House Appropriations Committee said Charlesworth's name was on a list of 14 consultants to the governor's office turned over to him by the auditor general.

Wood said Charlesworth was listed to receive \$60 a day for a total of 20 days.

"I don't know what the excitement's about," Charlesworth commented. "That was the arrangement when I left and no one need worry, I haven't earned \$1,000 yet."

Started A Turmoil

When Charlesworth resigned as the first secretary of administration (\$15,000 a year) on Aug. 28 to return to his teaching Gov. Leader said he had agreed to "continue as a personal consultant to me on administrative matters."

Charlesworth started a turmoil which led to a demand for his resignation when he made a speech suggesting that the right to vote should be denied cynical or illiterate persons.

Nine House Democrats asked Leader to gag Charlesworth or fire him. In announcing Charlesworth's resignation Leader said it had nothing to do with the voting incident.

In addition to Charlesworth, Wood said the latest list turned over to him includes the name of the Public Administration Service of Chicago, Ill., for \$115,000; and that of A. David Bouterse, Philadelphia, at \$50 a day.

The Chicago firm supervised a personnel survey and job reclassification for the state. Bouterse is executive director of the Pennsylvania Citizens' Assn.

Other governor's office consultants named by Wood include:

Dr. Herschel Jones, Lewisburg, personnel administration, \$40.00 a day for 20 days;

Dr. M. Nelson McCreary, Penn State University, public education and public works, \$50.00 a day, for 40 days;

Dr. Randall S. Stour Penn State University, public finance, \$50.00 a day for 20 days;

Dr. Harold F. Alderfer, State College, \$50.00 a day for 20 days, compile a report on local governments.

Purchase York Tobacco Firms

WHEELING, W. Va. (AP)—Bloch Bros. Tobacco Co. has announced the purchase of the David Forry Co., a York, Pa., tobacco firm. The purchase price was not disclosed.

A spokesman for Bloch said yesterday the company was in the process of moving Forry's equipment and machinery to Wheeling. The York, Pa., company, produced a line of sweet and semi-sweet chewing tobaccos that were marketed almost exclusively in Pennsylvania.

The spokesman said that the purchase of the Forry Co. was designed to "expand Bloch's tobacco line into the line of sweet and semi-sweet chewing tobaccos."

POPE APPROVES USE OF DRUG BY DOCTOR'S ORDER

VATICAN CITY (AP)—Pope Pius XII says it is not immoral or unethical to use anesthetics or other drugs to ease pain when doctors approve. But he maintains the sale of tranquilizing pills must be curbed "to prevent grave physical and moral damages to society."

Addressing 500 doctors at a special audience on Sunday, the pontiff approved the use of drugs to relieve pain even though they shortened life. But he said the drugs must not "prevent the carrying out of other moral and religious duties."

The Pope based his 45-minute address on questions posed last fall by the Italian Society of the Science of Anesthetics. He said, "Particular circumstances can impose another line of conduct, but the Christian's duty of renunciation and of interior purification is not an obstacle to the use of anesthetics."

Calling on public authorities to regulate the sale and use of tranquilizing drugs, he said that a person who uses them improperly "cannot complete his daily work if he remains continually submerged in a twilight state."

He added:

"It follows then that he cannot upset or suppress his consciousness only to obtain pleasant sensations... even if he seeks only a certain euphoria (sense of well-being)... Facts show that the abuse of stupefiers (narcotics) leads to total oblivion of the most basic needs of personal and family life."

Regarding anesthesia, the Pope said that "the doctor who accepts its methods enters into contradiction neither with the natural moral order nor with the specifically Christian ideal. He is seeking, in accordance with the ordinance of the Creator, to bring suffering under men's control."

But he added that "it would be clearly unlawful to make use of anesthetics against the expressed will of the dying person."

Turning to religious considerations in regard to inducing unconsciousness by means of anesthetics and other drugs, he said: "Within the limits laid down for the proper medical use of anesthesia; and provided one observes the required conditions, the state of insensibility involving a lessening or a suppression of consciousness is permitted by natural morality and is in keeping with the spirit of the Gospel."

Find 4 More Bodies In Wrecked Plane

SEOUL (AP)—Search crews Monday found four more bodies in the twisted wreckage of a U.S. Air Force Globemaster that crashed and burned Friday night on a Han River sandbar. This raised the list of known dead to 9, leaving 13 others still missing and presumed dead.

The big C124 transport was en route to Japan with 159 Americans aboard—10 Air Force crewmen, 147 Army men and 2 Army civilian employees. Most were on leave. Twenty-eight of the 137 survivors accounted for are still hospitalized. Two of them in serious condition.

**FAVORS MORE ON
MINIMUM WAGE**

WASHINGTON (AP)—The Eisenhower administration recommended Monday that about 2½ million employees, mainly store workers, be included under the \$1-an-hour federal minimum wage law.

Secretary of Labor Mitchell presented the administration recommendations to a Senate Labor subcommittee.

Mitchell proposed in prepared testimony that the law be broadened to include employers doing at least one million dollars worth of business a year and employing a minimum of 100 employees.

He did not propose any increase in the minimum, nor did he suggest that the additional workers to be covered should come under the law's provision for premium overtime pay.

Covers 24 Million

The law now covers about 24 million workers. An additional 20 million workers not included are outside the present scope of the interstate commerce clause of the law.

He said some two million workers in large chain store organizations and "giant single-unit department stores and other large retail establishments" would be the main groups covered by his plan.

The administration proposal also would cover 65,000 employees of city transit systems, 15,000 telephone employees, 50,000 seamen, 50,000 employees of the nation's largest hotel systems, 80,000 employees of large taxicab companies and some 200,000 employees in about 100 construction enterprises.

WASHINGTON (AP)—President Eisenhower told the Middle East nations Monday the menace of international communism "could smash all their hard won accomplishments over night."

In a world-wide radio broadcast marking the 15th anniversary of the Voice of America, Eisenhower noted that in the face of that menace, he has asked Congress to approve an anti-Communist program for the Mideast.

WINS \$56,000 IN LIBEL SUIT

LONDON (AP)—Jaime Ortiz-Patino's libel suit against the London Sunday Graphic came to an abrupt halt Monday. His beautiful estranged American wife, who had been assisting the Graphic in its defense, changed her mind and refused to testify.

Counsel for the newspaper said he could do nothing more than withdraw his defense that the Sunday Graphic's story about the Patino's turbulent marriage had been justified. He said he wished to make "a complete public apology."

The attorney, A. P. Marshall, said the newspaper "now accepted completely the fact that the affections he had for his wife carried with them no abnormality or perversion of any kind."

Awarded \$56,000

The case then went to the jury for decision. Gilbert Beyfus, counsel for the 26-year-old heir to a Bolivian tin fortune, insisted on "heavy damages." The exact amount is left to the discretion of the jury in British court procedure.

The jury awarded Ortiz-Patino \$56,000.

The case, which opened last Monday, has made headlines in British newspapers with testimony of alleged sadism on the part of the young husband and alleged drug addiction by the wife.

**Bishop Woodring,
85, Passes Away**

HARRISBURG (AP)—The Rev. Dr. Edwin S. Woodring, 85, Allentown, bishop of the Evangelical Reformed Church, died Monday in a Harrisburg hospital.

Bishop Woodring had been in a serious condition in the Polyclinic Hospital for several days.

Bishop Woodring was stricken a week ago while celebrating his 85th birthday at the home of his son, Phillip.

Bishop Woodring was named presiding elder in 1921 and was assigned to Harrisburg. He was re-elected in 1925 and reappointed to the Allentown district.

He was elected bishop in 1926, serving in both capacities as bishop and presiding elder for two years. He was reelected bishop in 1930 and served until 1934.

Bishop Woodring's wife, the former Lulu E. Koons, Allentown, died in 1947.

KARACHI, Pakistan (AP)—Premier Hussein Suhrawardy won a vote of confidence from the National Assembly Monday after three days of debate on foreign policy.

The vote was 40 to 2, with 17 abstentions and 20 absences. The mission of U.N. Security Council President Gunnar V. Jarring of Sweden to seek a solution of the Kashmir dispute, and the Baghdad Pact figured in the debate.

Two Are Killed In Three-Car Collision

MOUNT CARMEL, Pa. (AP)—Walter Brokenshire, 53, and Mrs. Elizabeth Doney, 51, both of Catawissa R. 1, were killed on Sunday when their car was involved in a three-vehicle crash on U. S. 122 just west of Mount Carmel.

Ralph Lanciano Jr., 23, Kulpmont, and Joseph Nevis, 20, Atlas, the drivers and only occupants of the other cars were injured and taken to Shamokin State Hospital. Their condition was satisfactory.

State police said Lanciano's auto sidwiped the oncoming Nevis car and collided head-on into the Brokenshire car.

**Trouble Brewing
In Israeli Cabinet**

JERUSALEM (AP)—A committee of the Israeli Parliament tried Monday to find a way to soothe mounting opposition within the governing political coalition to any compromise on occupation of the Gaza Strip.

The Knesset's Foreign Affairs Committee met to draft a Gaza policy amid reports that two of the five coalition parties in Prime Minister Ben-Gurion's government might quit the Cabinet because of suspicion he would bow to U.S. and U.N. demands that Israel quit the disputed area.

Such action by the left-wing Achdut Avoda and Mapam parties would seriously peril Ben-Gurion's government. If they left the Cabinet and all parties outside the coalition combined, the government would have only a two-vote majority in the 120-seat Knesset.

MONROE, La. (AP)—A heavy rain caused a power plant explosion which left this North Louisiana city of 40,000 without electricity and water for six hours Monday.

During the thunderstorm, water broke through the power company roof, hit a circuit breaker and caused a short circuit which caused the blast shortly after 3 a.m. No one was hurt.

BRUSSELS, Belgium (AP)—Belgian Police announced Monday that five men from the Israeli Embassy in Paris were arrested here Saturday after receipt of a report that there was a plot afoot to kill the Egyptian military attaché here.

One Is Killed In Indian Balloting

NEW DELHI (AP)—The first killing was reported Monday as Indians went to the polls in the nearly 600 districts in 10 states.

Press reports said one person was killed and about a dozen injured in a clash at Chintamani, in the southern Indian state of Mysore, yesterday when campaigners for Prime Minister Nehru's Congress party clashed with Communist party members.

Seven others were injured at Bhadravati, also in Mysore, in a small clash between members of the Congress and Praja parties. Details were not reported.

The Bhadravati and Chintamani voters do not go to the polls until next Monday under the election schedule extending over more than two weeks. The voting moved into full stride elsewhere.

MOSCOW (AP)—Pravda fired another salvo at the U.S. Middle East program Monday, charging that Israel's invasion of Egypt was "prepared on dollars lavishly provided by the United States."

The Soviet Communist party organ asserted Israel's seizure of the approaches to the Gulf of Aqaba is "the Eisenhower Doctrine in action."

Second car? No, sir—first car! Dodge has changed the station wagon from a dirt-road drudge to a luxury limousine. Custom Sierra 9-Passenger 4-Door shown above is one of five dazzling Swept-Wing Dodge Station Wagons.

4 BOYS ESCAPE FROM BURNING MEDIA SCHOOL

MEDIA, Pa. (AP)—Four trapped schoolboys scrambled down ladders through smoke and flames yesterday as a million-dollar fire raged out of control and wrecked the main shop building at the Williamson Free School of Mechanical Trades.

The fire apparently started shortly after noon on the second floor in what was the paint and decorating shop, Krell said he believed the fire was sparked by a short circuit.

The school's 134 pupils, ranging in age from 14 to 18, were eating lunch in the dining room of the main building, 200 feet away, when the blaze was discovered.

Four Are Trapped
Half of the boys rushed from the dining room and manned the school's fire equipment. But they were driven back by the fiercely spreading flames that fed on stocks of lumber, alcohol, paint and decorating materials.

Some of the boys rushed into the burning structure to try to save the equipment. Among them were Bud Lloyd, Philadelphia; Edward Magill, Duncannon; Charles Borden, Williamstown; and Wesley Clark, Willow Grove.

Trapped upstairs, with flames swirling around them, they leaned

if any, of the equipment could be salvaged.

The school occupied a 230-acre tract in Middletown Twp., about three miles west of Media.

Krell said the two-story shop building was the "heart" of the school.

Krell said the two-story shop building was the "heart" of the school.

The fire apparently started shortly after noon on the second floor in what was the paint and decorating shop, Krell said he believed the fire was sparked by a short circuit.

The school's 134 pupils, ranging in age from 14 to 18, were eating lunch in the dining room of the main building, 200 feet away, when the blaze was discovered.

Four Are Trapped
Half of the boys rushed from the dining room and manned the school's fire equipment. But they were driven back by the fiercely spreading flames that fed on stocks of lumber, alcohol, paint and decorating materials.

Some of the boys rushed into the burning structure to try to save the equipment. Among them were Bud Lloyd, Philadelphia; Edward Magill, Duncannon; Charles Borden, Williamstown; and Wesley Clark, Willow Grove.

Seek Funds To Buy Land For College

HARRISBURG (AP)—Three new House bills would authorize the state to spend \$39,500 for land to be added to the campus of Shippensburg State Teachers College. One tract, in Shippensburg Twp. and known as Bard Fields would cost \$18,500. The second, also in Shippensburg Twp., would cost \$11,500 and is known as the Myers-Willis fields.

The third tract, known as Reiser field, would cost \$9,500. All the land is adjacent to present college ground. The three parcels would total just over 72 acres.

Sponsors of the bills are Reps. Arthur George and Clarence Stoner, Cumberland County Republicans, and Enos Hart (R-Franklin).

VOICE OF THE LAW

KINGSTREE, S. C. (AP)—The Williamsburg County sheriff's office found it a little difficult to believe the alibi of a "quartet" that it was fulfilling singing engagements.

When the four were arrested, officers found 12 gallons of bootleg whisky in the trunk of their car. Convicted of liquor law violations, the quartet will have to do its singing in the county jail.

out windows and yelled for help. Other students raised ladders and the boys scrambled down.

Philip Fry, Hollidaysburg, also ran into the building to try to save equipment. His hair was burned off.

U. S. AND POLAND IN SESSION ON FARMSURPLUSES

WASHINGTON (AP)—The United States begins direct economic talks with Poland today to determine whether American dollars and surplus farm products can help ease Moscow's grip on the Polish economy.

The visiting five-man Polish government delegation is led by Henry Kotlicki, director general of the Polish Finance Ministry. He will outline his government's problem to an American group headed by Throston V. Kalijarvi, acting deputy undersecretary of state for economic affairs.

The American delegation was reported ready to listen cautiously but sympathetically to an expected formal Polish request for surplus American wheat, corn, fats and oils as well as credit to buy coal mining machinery.

Initiated By U. S.
An agreement meeting at least part of the Polish plea for aid appeared likely before the talks end in about three weeks.

Responsible authorities said the American attitude would be to emphasize as much as possible the desirability of restoring normal trade and commercial relations between the United States and Poland.

Any American aid package, they said, would be modest" in keeping with the step-by-step policy to be pursued pending more information of Poland's economic conditions and obligations.

The talks are being undertaken at American initiative.

BOY BURIED ALIVE

PHILADELPHIA (AP)—A dump truck unloaded six tons of earth fill on top of two boys lying in a hollow at a construction site. William Devlin, 4, managed to wriggle out but Geoffrey Walton, also 4, suffocated.

AVOIDS CONFUSION

DETROIT (AP)—Philip Corton O'Neal asked Probate Court for the right to change his name because it causes too much confusion. He wants to be called Mohandus Takal Asaka.
